

The Family Financial Commitment Plan

The Family Financial Commitment Plan enables all Manhattan Country School families to educate their children as equal members of an economically, racially, and culturally diverse community. The Family Financial Commitment Plan is designed to meet a portion of the school's annual budget through Contracted Fees. It has been successfully implemented since 1972.

CALCULATING YOUR CONTRACTED FEE

Instead of tuition and financial aid, a Contracted Fee is calculated for each family on a sliding scale in equitable proportion to the family's financial resources. Maximum Fees (in two tiers by grade) are set each year by the the MCS Board of Trustees. All families are asked to submit a Worksheet when applying for admission and annually thereafter when re-enrolling. The Worksheet is used to determine each family's Contracted Fee for the coming year. Although we encourage all families to complete the Worksheet, families can elect not to submit financial information by signing the Waiver at the end of the Worksheet. **By signing the Waiver, families are choosing to pay the annual Maximum Fee throughout their child's years at MCS.**

Enrollment is secured each year with a completed Worksheet, a signed contract and a non-refundable 25 percent deposit. The balance of the Contracted Fee is then paid over the course of the year via two available payment plans.

VOLUNTARY GIVING AT MCS

The school's unparalleled commitment to economic, racial, and cultural diversity in enrollment is underwritten by our unique sliding-scale tuition program. The built-in challenge of this model is that tuition revenue covers only approximately 70 percent of the school's annual operating expenses. As such, MCS is an intentionally philanthropic model that relies heavily on generous support from the MCS parent community in many forms. We strongly encourage and value the support of all MCS parents in helping to sustain our commitment to socioeconomic diversity through direct giving, volunteerism, and thought-partnership. For more information, please contact the school's director of advancement.

CONFIDENTIALITY

Financial information is reviewed by the school's director, the director of finance and the admissions director and is kept confidential.
